

Miscellaneous Accessories

Modular Plinth Kits

- Cannon modular plinths fit beneath the cabinet to allow cable to feed from both sides and the rear
- Plinths consist of four rugged corner supports and infill panels to suit all footprints of the cabinet range. The front and rear panels and side panels are plain
- The nature of the modular construction allows simple and easy access, also the possibility of retrofitting the plinth, should this be required

Finish: Standard: Powder painted Velvet Black to RAL 9005 or Chameleon (Grey White) to RAL 9002. Other colours available on request.

Cannon Modular Plinths can be used with ServerSmart Cab, Smart Cab and Smart Net cabinets.

Modular plinth shown assembled, but supplied in flat pack kit form.
