*Quick Release Perforated 120 degree opening rear door*

800KG

EPIC-X is designed to withstand static loads of 800kg.

CANNON EPIC-X CABINET

FEATURES

- Secure rack for large static loads
- International mounting posts enable rapid and simple equipment installation
- Accommodates all 19-inch rack mountable servers with mixed server depth solutions
- Quick-release hinges on all doors
- Removable & multi-entry roof panel for flood wiring
- Exceptional base access
- Easy access with Cannon's unique 180°/270° opening doors
- Perforated 78% open area front door and rear perforated frame door

Cannon's top panel cable entry "knock-outs" provide a great addition for applications with multiple entry point requirements e.g. to central vertical cable tray, front 19" or rear area for PDU equipment etc.

'Knock-outs' allow for multiple access points
